What is Pay My Loan?

Pay My Loan is an online Direct Loan repayment option available through farmers.gov that relieves most borrowers from having to call, mail, or visit a local USDA Service Center to pay a loan installment.

Farm loan payments can now be made at the borrower's convenience, on their schedule, and not constrained by FSA office hours. The tool can be used on a desktop computer, tablet, or smart phone.

Online payments can only be made by borrowers operating as an individual. Borrowers with jointly payable checks will need to continue to make loan payments through their local office.

What is needed to use the Pay My Loan?

Access to the Pay My Loan feature is limited to customers who have a farmers.gov account (Level 2 eAuthentication). If you do not have an existing Farmers.gov account, you will need:

1. A USDA individual customer record. A customer record contains information you have given to USDA to do business with them, like your name, address, phone number, and any legal representative authority relationships.
2. A Login.gov account. Login.gov is a sign in service that gives people secure online access to participating government programs.
3. Identify verification. Visit your FSA Service Center or go to farmers.gov/account for identity verification options.
